Dear Sir,

We have much pleasure in informing you that we can obtain for you a special copy of SCHREIBER "Woodcuts From Books of the XVth Century Shown in Original Specimens" being a portfolio containing 55 leaves, each showing woodcuts detached, from books printed in Germany, Switzerland, Bohemia, and Italy. MUNICH, 1929. together with a volume of text of 86 pages.

Only one copy of this was done containing especially selected woodcuts of a medical nature. Of the 55 plates, 23 are medical.

We enclose a list of plates showing the nature of the medical woodcuts as well as of the others and we shall be glad if you will let us have your order for this unique copy, the price of which is £90.

We may mention that the ordinary copies of non-medical, of which 50 copies were done are £75.
